Week (1988-2010)**

## **Clinical Experience:**

10/01-present **Private Practice, Wichita, KS:** Solo practice specializing in the prevention, assessment and treatment of eating disorders and body image disturbance. Other areas of clinical specialty include sports psychology, adult survivors of trauma, women's issues, end-of-life and grief issues. Individual, marital, family and group treatments are provided. Supervisory activities include a semimonthly group supervision and training in the treatment of eating disorders for local clinicians and physicians. Sport psychology activities include providing individual and team consultation services to athletes across the country. Current charitable and professional board/consultation work includes: Monte Nido Advisory Board; Renfrew Conference Committee; Chair, AED Fitness Industry Guidelines Task Force; Committee member, AED Medical Management Guidelines Committee. Other professional activities include writing for professional and lay audiences, national speaking, peer review and consultation, and serving as an editor for *Eating Disorders: The Journal of Treatment and Prevention*.

11/97-10/01 **Co-Founder & Co-Director P.A.T.H. Clinic, LLC, Wichita, KS:** Group practice specializing in the prevention, assessment and treatment of eating disorders and body image disturbance. Other areas of clinical specialty included sports psychology, adult survivors of trauma, women's issues, end-of-life and grief issues. Intensive, multidisciplinary eating disorders assessments were conducted weekly. Individual, marital, family and group treatments were provided. Eating Disorder group treatments included on-going 10-week Cognitive-Behavioral group for patients and family members, 3 weekly feminist-oriented psychotherapy groups for adolescents and adults with ED, and a weekly group for adult women survivors of abuse. Professional involvements also included charitable and professional organization board and committee work, local and national speaking, research and writing, and supervision and training of psychology interns, psychiatric residents and medical students.

6/91-11/97 **Inpatient Director/Private Practice: University of Kansas School of Medicine-Wichita Eating Disorders Program.** Inpatient administrative responsibilities included coordinating eating disorder programming, treatment planning and implementation, and supervision of nursing staff, psychology interns, medical students and psychiatric residents. Direct services included daily individual and group psychotherapy, didactic and experiential groups. Research responsibilities included involvement in ongoing data collection and analysis of all patients entering the eating disorder program. Private

practice involvement included individual, group, marital, and family therapy; eating disorder and general assessments; educational seminars and public speaking. Therapeutic emphasis in the areas of eating disorders, body image, sexual abuse, impaired athletes, gay and lesbian issues, and bereavement.

- 2/91-5/91**      **Staff Psychologist: Eating Disorder Program, Laureate Psychiatric Hospital and Clinic, Tulsa, OK. Duties included evaluation, assessment and treatment of eating disorders, didactic lectures and research. Inpatient, partial and outpatient services were provided as well as the full range of treatment modalities (e.g. individual, family, marital and group). The program was specially designed to provide services for the difficult to treat patient, including those with chronic symptomatology, dual diagnosis, and/or severe personality disorders.**
- 8/87-2/91**      **Inpatient Coordinator: University of Kansas School of Medicine-Wichita, Eating Disorders Program at Charter Hospital, Wichita, KS. Inpatient duties involved providing individual, group, marital and family therapy and participation in on-going educational seminars. Administrative duties involved overall coordination of treatment planning and implementation by the nursing, medical, dietary and psychology staff. Outpatient duties included an active clinical caseload with a special emphasis in the areas of eating disorders, body image, sexual abuse, personality disorders and family therapy. Community work involved providing consultation for the evaluation of eating disorders as well as public speaking and general presentations on the etiology and treatment of eating disorders.**
- 8/86-8/87**      **Clinical Internship (APA Approved) University of Kansas School of Medicine-Wichita. Full time internship involving 3, four-month rotations in adult inpatient psychiatry, child inpatient psychiatry, and treatment of eating disorders (in and outpatient). Halftime was devoted to inpatient rotation and halftime to outpatient treatment services for adults, children, couples, families and groups. The full spectrum of psychiatric disorders was represented in the various treatment populations and services were provided by a multidisciplinary treatment team. Interns were responsible for psychological testing consults for both in and out patients, involving neuropsychological, intellectual and personality assessment. Specialized training in assessment was provided. Teaching responsibilities included organizing and presenting a 10-week educational group to patients and their families in the Eating Disorder Clinic.**

- 5/85-5/86 Psychology Associate: Northeast Kansas Mental Health and Guidance Center, Oskaloosa, KS. Supervised clinical work in a rural setting which involved providing individual, couples, family and group therapy, self and court-referred clients, psychodiagnostic and DUI evaluations, consultation with social and court services and crisis intervention. Approximately half of my caseload involved sexual/physical abuse issues, including a weekly therapy group for adult women survivors of sexual abuse.**
- 2/86-7/86 Psychology Associate: Professional Associates, 6155 Oak, Suite A, Kansas City, MO 64113. Supervised work involved providing individual, couples, and family therapy to clients presenting in a community mental health setting.**
- 8/83-7/86 Clinical Trainee: University of Kansas Psychological Clinic. Practicum experience delivering psychology services to the community and the university. Training involved supervised work with children, adults and families in therapy, as well as observation of other clinical students.**
- 1/83-5/85 Crisis Intake Worker: University of Kansas Psychological Clinic. Work involved crisis intervention, screening, initial interviewing, and referral coordination for clients contacting the clinic for the first time.**
- 5/84-9/84 Psychology Trainee (Summer Internship): Topeka V.A. Medical Center. Work involved supervised individual and group psychotherapy on an acute, inpatient ward. Ward responsibilities included administration and interpretation of group and individual testing, team treatment planning and consultation. Educational responsibilities involved weekly seminars in the areas of assessment, hospital treatment, post-traumatic stress disorder, personality disorders, and case presentations.**
